

CONTENTS

· RESEARCH AND DEVELOPMENT ·

- Business Intelligence and It's Applying in Railway Information System Wen Hailong(1)
- Requirement Analysis and System Function for Intelligent System on Station Building Sun Yan Wu Jun(4)
- Problem and Solution for Eighteen Statistical of Inventory System Hong Yan(6)
- Analysis and Implement of Web-based Computer Proficiency Test System for Railway Financial Accounting Personnel Li Yongwei Song Xuean(10)

· MANAGEMENT AND MAINTENANCE ·

- GIS Based System of Fault diagnosis and Information Positioning for Railway Station Signal Equipment Feng Xiaoning Yu Shuangyuan(13)
- Maintenance Emperience for Programmed Exchange Feng Tiecheng Zheng Wencai(16)

· POPULARIZATION AND APPLICATION ·

- Application of Computer Technology to Labor Capital Management Huang Xiaojiang(17)
- Hospital Decision Support Subsystem of Paying Based Administrative or Technical Offices Zhao Yueying(20)
- Application of Industrial Controlling Machine to Locomotive Controlling Xu Jianhua(22)
- Common Problems and Solution on ORACLE7 Programming Qu Yuanlin(24)

· NETWORK TECHNIQUE ·

- Solution of Intranet Mail System Interlinkaye Based on Middleware Yu Zhaogang(25)
- Analysis of Network Information System Demand in Architecture Enterprise Wang Rongping(28)
- Research on Modelling for Track District and Train with Petri Nets Liu Haowei Huang Kang Wang Zhenyi(31)
- Research and Application of Real Time Multimedia Broadcasting System Zhang Yuan Jiang Zhijun(33)
- LonWorks Technology and Application of it to Railways Zhao Yong(37)
- E-mail System of Office Automation Zhang Xiaoning(41)
- Solution on Intranet Interconnecting with Internet of Railway Branch Adinistration Zheng Qunjie(44)

Sybase e-开发者大会在北京、上海、广州举办

5月24日,Sybase软件(中国)有限公司的e-开发者大会在北京隆重开幕。这次会议主要面向各行业技术主管和高级技术人员,通过讲座、研讨和演示,展现Sybase公司最新的Internet技术和产品。

Sybase e-开发者大会的举办,为广大互联网络和电子商务应用开发者提供了一个全面、实用的学习机会,将互联网的新技术和新产品切切实实的展现在用户面前,使用户体会到,实现电子商务不再是虚无缥缈的概念,利用Sybase公司提供的产品,可以快速轻松的实现企业上网,建立电子商务应用。

这次会议讲座针对目前最为流行的J2EE和组件技术,结合Sybase最新的产品:PowerBuilder 7.0, Power J 3.5, Enterprise Application Server 3.5,展示了一个完整的电子商务应用开发过程。大会的讲座分为两条线进行:

a. Build the future-PowerBuilder eMusic demo track;

b. J2EE and e-commerce advanced training track.

Sybase e-开发者大会陆续在北京、上海、广州等城市举办,注册参加会议的人数远远超出预计。
